

The Nature Lover
Natural. Organic. Earthy. Eclectic.

Natural, beautiful and organic. This compact kitchen concept, embellished with mint and earthy shades gives natural living a whole new dimension. Created using an eclectic combination of unique shades like matt beige and glossy greens, this kitchen is thoughtfully designed for nature aficionados who have developed a taste for everything organic. Look closer and you'll realise that this kitchen has a life of its own.

HERB GARDEN

Ever wished you could cook something from your own farm? Natural fresh ingredients growing in your kitchen can now become a reality with a beautiful herb garden growing along your sun-kissed window. Parsley, Mint, Basil or any herb of your choice - a touch of natural greens is just what your kitchen needs.
